Technical Team	
July 05, 2009	<ul style="list-style-type: none"> ● JMAS Senior Technical Advisor and Provincial Coordinator of UXO Lao welcome and led a study tour group of UXO-Lao of Attapue Province to demonstrate about UXO clearance activity in Xiengkhouang Province. So that they can have new technique for clearance activity and experience exchange mutually.

Problems to be solved:

- In accordance with the plan, Training (on Disposal technique and Explosion) was done twice, but will be seriously continued to next month due to lack of their knowledge and experiences.
- As many visitors were accepted this month, on-the-job-trainings were performed at 14 places, totally 11 times, we will improve inadequate points we noticed at each place, by making use of opportunities of planned trainings and on-the-job-trainings.
- On July 16th when we navigated trainees to the field, Natoon village again, we checked a real situation of enlightening education and used equipment & materials. Referring to those, we would like to consider what we should do as CA activities.

2.2 Formal training

JMAS Senior Technical Advisor provides basic training on new technique of UXO clearance for UXO-Lao staff at the field on 5-6 July, 2009.

2.3 Others

The monthly Action Plan of TA was drafted. The plan indicates not only the need of UXO Lao in Xiengkhuang, but it also presents the effort of JMAS in Lao PDR that is committed itself to achieve overarching objective of UXO Lao.
